Parking:

While surface and underground parking are both available, we recommend finding a surface spot close to the entrance of our building – No. 16875. If you choose to use the underground parking, please note that it is meant for our building – No. 16875 – as well as the building next to ours.

For this reason, surface parking in front of our building is recommended. If you choose to park underground, feel free to use one of the “Reserved – Suite 290” spots, if available.
